

Services for People Affected by Acquired Brain Injury

(sheet 1 of 2)

Introduction

An Acquired Brain Injury (ABI) can be caused by a road accident, stroke, brain haemorrhage, infection, tumour, or blow to the head, amongst other things. We have tried to include the agencies and services here that you may find helpful. Some of these services are specifically for people with a Brain Injury and others are more general services.

If you need any help in finding the nearest service to you, call us on 1890 200 278, Monday to Friday, 9 – 1 and 2 - 5.
